

Collaborations with other Institutions

QSpiders is the world's ace software training organization with an aim to bridge the gap between the demands of the industry and the curriculum of educational institutions.

With centers across the Globe, the institute is a platform where young minds are given the opportunity to build successful careers.

"QSpiders is a place where businesses find talent and dreams take flight."

ComedKares is an initiative by ComedK to help students of engineering, dental, and medical colleges choose the right career by building their competitiveness and exposing them to various opportunities available in the industry.

ComedKares offers courses designed along with industry experts and endorsed by VTU that will enhance the learner's 21st-century skills while also giving access to machines, tools and mentors to build products and solutions that positively impact the community.

ComedKares catalyzes the interaction between the Community (industry and regional professional groups), Industry experts and academic stakeholders for knowledge sharing and co-creating solutions through various programs spread across the year.

At Be Practical Tech Solutions, we understand the importance of staying up to date with the latest technology trends. That's why we offer comprehensive training in various tech-related fields, including information technology (IT). Our trainers are highly skilled and have a deep understanding of what it takes to succeed in the IT field. Plus, we're using cutting-edge technology to help our students achieve their career goals.

PESET University, located in Bangalore, India is one of the country's leading teaching and research universities. The University is committed to providing "navigation for the real world" that inspires students to find their true north.
