

IQAC

VISION

The Internal Quality Assurance Cell (IQAC) at Shetty Institute of Technology aims to cultivate excellence in education, research, and innovation, continually improving academic and administrative processes.

OBJECTIVE

- Adopt and integrate industry standards and best practices in academic and administrative processes to ensure excellence and efficiency
- Cultivate a culture of on-going enhancement by regularly evaluating and refining processes based on feedback and performance metrics.
- Support and facilitate initiatives that advance the institution's academic and operational quality, contributing to overall institutional success and reputation.

STRATEGIES

- Ensuring the prompt and effective execution of academic, administrative, and financial tasks to foster a progressive atmosphere.
- Maintaining the relevance and high standards of our academic and research programs, ensuring they meet the evolving needs of society.
- Optimizing and integrating modern teaching and learning techniques to enhance the educational experience.
- Ensuring adequate maintenance and proper allocation of resources and services to support our academic mission.
- Actively sharing research findings and fostering networks with institutions both within India and internationally to enhance knowledge exchange and collaboration.
