Date of Activity : 25/03/2023	Time Slot : 11:00 AM to 1:00 PM
Activity Name :- "Problem Solving Skills Using Python"	
Organizing Dept / Committee : Training and Placement Cell.	Guest / Resource Person : Prof. Jyoti Patil
Total Number of Students Attended : 40	Report Generated by: Training and Placement Cell.

## OBJECTIVES:-

1. To Provide an introduction to Python programming language Develop Problem-Solving Strategies.
2. Discuss systematic approaches to problem-solving.
3. To give Introduction to algorithm design principles and techniques Understand Object-Oriented Programming (OOP).

## SCHEDULE: -

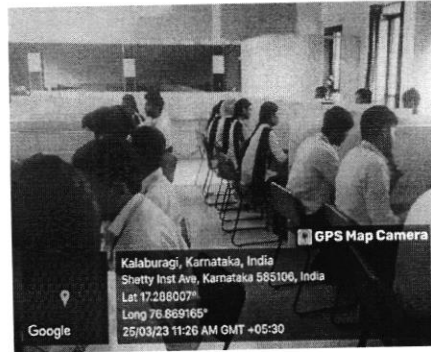

- The session began at 11:00 AM.
- Prof. Jyoti Patil introduced Python basics and problem-solving techniques.
- 40 students attended the session.
- The seminar included interactive discussion.
- Participants found the session informative and engaging.

## OUTCOMES:-

1. Enhanced proficiency in Python programming language.
2. Improved problem-solving abilities using Python.

  
PRINCIPAL

Date of Activity : 20/01/23	Time Slot : 11:00 AM to 1:00 PM
Activity Name:- "Database Design And Programming With SQL"	
Organizing Dept / Committee : Training and Placement Cell.	Guest / Resource Person : Mr Lohit
Total Number of Students Attended : 45	Report Generated by : Training and Placement Cell.

## OBJECTIVES:-

1. To Provide an overview of fundamental database concepts Learn Database Design Principles.
2. To give Introduction to students to the basics of SQL Implement Data Integrity and Constraints.
3. To Discuss principles of good database design, such as normalization, entity-relationship modeling.

## ACTIVITY REPORT:-

On January 20, 2023, Shetty Institute of Technology in Kalaburagi conducted a comprehensive session titled "Database Design and Programming with SQL" from 11:00 AM to 1:00 PM. This educational seminar, organized by the Training and Placement Cell.

The session featured Mr. Lohit as the esteemed guest speaker and resource person. Thirty-eight enthusiastic students attended the program, eager to enhance their understanding of database design principles and SQL programming techniques.

Mr. Lohit began the session by emphasizing the importance of structured data management in today's digital age.

  
PRINCIPAL  
Shetty Institute of Technology  
KALABURAGI

The Training and Placement Cell remains committed to organizing similar educational initiatives to empower students with industry-relevant expertise and prepare them for successful careers in the field of information technology.

### OUTCOMES:-

1. Preparation for real-world applications of database management and SQL programming.
2. Understanding of transaction management and its importance in database operations.

Date of Activity : 04/11/2022	Time Slot : 10:30 AM to 12:30 PM
Activity Name :- Awareness Program On IoT (Internet of Things) Fundamentals	
Organizing Dept / Committee : Training and Placement Cell	Guest / Resource Person : Mr. Sachin
Total Number of Students Attended : 50	Report Generated by : Training and Placement Cell

## OBJECTIVE:-

- To provide students with a foundational understanding of IoT and its applications.
- Understand the concept and definition of IoT.
- Explore the architecture and components of IoT systems.

## SCHEDULE:-

- The seminar started at 10:30 AM.
- The session covered basic concepts and components of IoT.
- The resource person explained how IoT integrates with various technologies and industries.

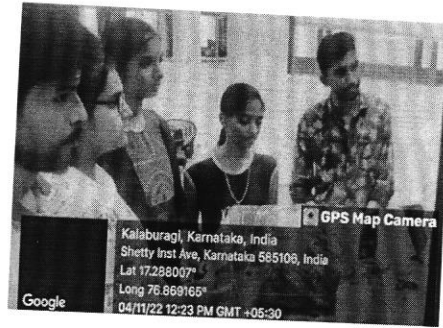

## STUDENT INVOLVEMENT: -

- 50 students participated in the program.
- The session included hands-on demonstrations and real-world examples.
- An interactive Q&A segment allowed students to clarify doubts and engage with the speaker.

Total Number of Students Attended : 33	Report Generated by : Training and Placement Cell

## OBJECTIVES:-

1. Understand fundamental concepts of cyber security.
2. Identify common cyber threats and attack vectors.

## DETAILS OF SEMINAR:-

On October 29, 2022, Shetty Institute of Technology, Kalaburagi, hosted an insightful seminar titled "Cyber Security and Ethical Hacking" from 10:00 AM to 12:00 PM.

- The seminar, organized by the Training and Placement Department to educate students about crucial aspects of cyber security and ethical hacking.
- Prof. Jyoti Patil, a distinguished guest and resource person, led the session, which attracted a total of 33 students eager to explore this rapidly evolving field.

## OUTCOMES: -

1. Increased awareness of cyber security threats and vulnerabilities.
2. Improved ability to implement and manage effective security measures.

<b>Shetty Institute of Technology, Kalaburagi</b>	
<b>Date of Activity : 27/06/22</b>	<b>Time Slot : 10:00 AM to 12:00 PM</b>
<b>Activity Name :- "5G Technology and Network Optimization"</b>	
<b>Organizing Dept / Committee : Training and Placement Cell</b>	<b>Guest / Resource Person : Mr. Rahul</b>
<b>Total Number of Students Attended : 50</b>	<b>Report Generated by : Training and Placement Cell</b>

## **OBJECTIVES:-**

1. Understand the fundamentals of 5G technology.
2. Explore the applications enabled by 5G networks.
3. Familiarize with 5G network architecture.
4. Learn about spectrum bands used in 5G.
5. Study advanced radio technologies like Massive MIMO and beam forming.

## **DETAILS OF SEMINAR: -**

1. Shetty Institute of Technology, Kalaburagi organized an Awareness Program on 5G Technology and Network Optimization on June 27, 2022 from 10:00 AM to 12:00 PM.
2. The event was conducted by the Training and Placement department and featured a guest speaker **Mr. Rahul**.
3. The program aimed to educate students about the latest advancements in 5G technology and the importance of network optimization. The event was attended by 50 students from various departments.

  
**PRINCIPAL**  
Shetty Institute of Technology  
KALABURAGI

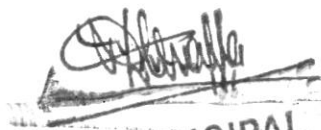

4. The guest speaker discussed the challenges and opportunities associated with 5G network optimization, emphasizing the importance of efficient resource allocation and interference management. The event was well-received by the students, who actively participated in the discussions and asked questions related to the topic.

### OUTCOMES:-

1. Explore opportunities for innovation and research in 5G technologies.
2. Understand and implement security measures specific to 5G networks.
3. Ability to deploy 5G networks in various real-world applications and use cases.

Shetty Institute of Technology, Kalaburagi	
Date of Activity : 19/03/2022	Time Slot : 11:00 AM to 1:00 PM
Activity Name:- "RECENT TRENDS IN ELECTRIC VEHICLES"	
Organizing Dept / Committee : Training and Placement cell.	Guest / Resource Person : Mr. Sachin
Total Number of Students Attended : 35	Report Generated by : Training and Placement cell.

## OBJECTIVES:-

1. To inform students about the latest advancements and trends in electric vehicle technology.
2. Discuss current market trends and growth projections for electric vehicles globally and regionally.

## Event Details:-

### Key Topics Covered:

- Introduction to electric vehicles (EVs).
- Recent technological advancements in EVs.
- Environmental benefits of using EVs.
- Future prospects and challenges in the EV industry.

### Participation:

- Students Attended: 35
- Engaged in discussions and Q&A sessions.
- Showed interest in the potential of EVs.

  
PRINCIPAL  
Shetty Institute of Technology  
KALABURAGI

## Highlights:

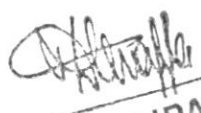

- The resource person presented current trends and innovations in EV technology.
- Case studies of successful EV implementations were discussed.
- Students learned about the impact of EVs on reducing carbon emissions.
- Students appreciated the insights provided.

## OUTCOMES:-

1. Increased understanding of advancements in EV battery technology.
2. Awareness of environmental benefits like reduced emissions.

Shetty Institute of Technology, Kalaburagi	
<b>Date of Activity :</b> 05/02/2022	<b>Time Slot :</b> 10:00 AM to 12:00 PM
<b>Activity Name</b>	<b>Recent Trends in IT Industry</b>
<b>Organizing Dept / Committee :</b> Training and Placement Cell	<b>Guest / Resource Person :</b> Mr. Mithun Ashok AVP Jio
<b>Total Number of Students Attended :</b> 45	<b>Report Generated by :</b> Training and Placement Cell

## OBJECTIVES:-

1. To Provide an overview of the latest trends shaping the IT industry Analyze Market Dynamics.
2. To Explore how these trends and technologies are impacting businesses across various sectors, including efficiency improvements, cost savings, innovation.
3. To Provide strategic insights into how companies are leveraging these technologies.
4. To Outline the skills and competencies that are increasingly in demand in the IT.

## ACTIVITY REPORT:-

On February 5, 2022, Shetty Institute of Technology in Kalaburagi hosted an Awareness Program on "Recent Trends in IT Industry" from 10:00 AM to 12:00 PM. The program was organized by the Training and Placement Cell. Mr. Mithun Ashok AVP Jio was the esteemed guest and resource person for the program.

The session attracted a notable attendance of 45 students, eager to gain insights into the evolving landscape of the IT industry. Mr. Mithun Ashok AVP Jio delivered an insightful

**PRINCIPAL**  
Shetty Institute of Technology  
KALABURAGI

presentation, beginning with an introduction to emerging technologies such as artificial intelligence, blockchain, quantum computing, and the Internet of Things (IoT).

The session provided a comprehensive overview of the current IT trends and their implications on global business practices. The effectiveness of the Training and Placement Cell in organizing educational programs that bridge the gap between academic learning and industry requirements.

## OUTCOMES:-

1. Students gain a deeper understanding of cutting-edge technologies such as AI, blockchain, IoT, and quantum computing.
2. Students learn how recent IT trends are transforming traditional business models and driving innovation.
3. Students learn how emerging technologies can be leveraged to improve customer interactions and satisfaction.

Shetty Institute of Technology, Kalaburagi	
<b>Date of Activity</b> : 21/09/2021	<b>Time Slot</b> : 11:00 AM to 1:00 PM
<b>Activity Name</b> :- "Data science & Machine Learning"	
<b>Organizing Committee</b> : Training and Placement Cell	<b>Resource Person</b> : Mahindra G
<b>Total Number of Students Attended</b> :40	<b>Report Generated by</b> : Training and Placement Cell

## OBJECTIVES: -

1. Fundamental Understanding: Provide a foundational understanding of data science and machine learning concepts.
2. Data Analysis Skills: Develop skills in data collection, cleaning, and pre-processing.
3. Model Building: Teach techniques for building, training, and evaluating machine learning models.
4. Algorithm Knowledge: Introduce various machine learning algorithms and their appropriate applications.

## DESCRIPTION ABOUT ACTIVITY: -

On September 21, 2021, Shetty Institute of Technology organized an informative session on "Data Science & Machine Learning" from 11:00 AM to 1:00 PM. The seminar was conducted by Mahindra G and organized by the Training and Placement Cell. The session aimed to provide a foundational understanding of data science and machine learning concepts to the 40 students who attended. Mahindra G covered key topics such as data collection, cleaning, preprocessing, and model building, introducing various machine learning algorithms and their applications. The

**PRINCIPAL**  
Shetty Institute of Technology  
KALABURAGI

session also explored practical applications across different industries, familiarizing students with popular tools and technologies like Python and Tens or flow. The program concluded with a discussion on ethical considerations and career opportunities in data science and machine learning. The session was well-received, equipping students with valuable knowledge and skills for their future careers in this dynamic field.

### **OUTCOMES:-**

1. Enhanced Knowledge: Students gained a comprehensive understanding of data science and machine learning concepts.
2. Data Handling Skills: Improved skills in data collection, cleaning, and pre-processing techniques.
3. Model Building Proficiency: Learned how to build, train, and evaluate machine learning models.
4. Algorithm Understanding: Acquired knowledge of various machine learning algorithms and their applications.

## SHETTY INSTITUTE OF TECHNOLOGY, KALABURAGI

Shetty Institute of Technology, Kalaburagi	
<b>Date of Activity :</b> 17/09/2021	<b>Time Slot :</b> 11:00 AM to 1:00 PM
<b>Activity Name :-</b> "Fuel-Cells- Overview And Challenges"	
<b>Organizing Committee :-</b> Training & Placement Cell	<b>Resource Person :</b> Mr. Nikhil Kumar
<b>Total Number of Students Attended :</b> 25	<b>Report Generated by :</b> Training and Placement Cell

### OBJECTIVES:-

1. Provide a comprehensive understanding of fuel cell technology and its principles.
2. Discuss the various types of fuel cells, including proton exchange membrane (PEM) and solid oxide fuel cells (SOFC).
3. Explore the applications of fuel cells in transportation, stationary power generation, and portable devices.

### PROGRAM ACTIVITY:-

On September 17, 2021, Shetty Institute of Technology organized a session titled "Fuel Cells: Overview And Challenges" under the guidance of the Placement Cell. The session was conducted by Mr. Nikhil Kumar and was attended by 25 students.

Mr. Nikhil Kumar provided an in-depth overview of fuel cell technology, covering its principles, types (such as PEM and SOFC), and applications in various sectors including transportation and power generation. He discussed the environmental benefits of fuel cells and the challenges hindering their widespread adoption, such as cost and infrastructure requirements. The session concluded with a discussion on current research and innovations aimed at addressing these challenges.

**PRINCIPAL**  
Shetty Institute of Technology  
KALABURAGI

The program was informative and engaging, offering students insights into the potential of fuel cells in sustainable energy solutions and inspiring them to explore career opportunities in this evolving field.

**OUTCOMES: -**

1. **Enhanced Understanding:** Students gained a comprehensive understanding of fuel cell technology, including its principles and various types.
2. **Awareness of Applications:** Increased awareness of the diverse applications of fuel cells in transportation, stationary power generation, and portable devices.
3. **Environmental Perspective:** Understanding of the environmental benefits of fuel cells, such as reduced greenhouse gas emissions and enhanced energy efficiency.

## SHETTY INSTITUTE OF TECHNOLOGY, KALABURAGI

Shetty Institute of Technology, Kalaburagi	
<b>Date of Activity</b> : 21/09/2020	<b>Time Slot</b> : 11:00 AM
<b>Activity Name</b> :- "Robotics "	
<b>Organized By</b> : Training & Placement Cell	<b>Guest Person</b> : Soumya T

### OBJECTIVES:-

1. Provide foundational understanding of robotics principles and applications.
2. Explore automation's role in enhancing productivity and accuracy across industries.
3. Discuss robotics' impact on healthcare, including surgical and rehabilitation applications.
4. Highlight advancements in AI and machine learning within robotics for autonomous systems.

### PROGRAM REPORT:-

On September 21, 2020, Shetty Institute of Technology, Kalaburagi, hosted a webinar titled "Robotics" organized by the Placement Cell. The session was led by Ms. Soumya T and commenced at 11:00 AM. The webinar aimed to educate participants on foundational principles and applications of robotics, highlighting automation's impact on productivity across industries. Ms. Soumya T, as the guest speaker, discussed robotics' role in healthcare, educational tools for STEM learning, and advancements in AI for autonomous systems. The session concluded with an engaging Q&A, where attendees explored practical applications and future career prospects in robotics. This seminar successfully bridged theoretical knowledge with practical insights, enhancing participant understanding of robotics' evolving role in technology and innovation.

PRINCIPAL  
Shetty Institute of Technology  
KALABURAGI

## OUTCOMES:-

1. Enhanced safety and effectiveness of military and defense operations.
2. Training and development of future engineers and technologists in robotics.
3. Increased competitiveness of businesses through robotic solutions.
4. Improved quality of life for people with disabilities and the elderly through assistive robots.
5. Enhanced workplace safety by performing dangerous and physically demanding tasks.

Students attended the Robotics program

## SHETTY INSTITUTE OF TECHNOLOGY, KALABURAGI

Shetty Institute of Technology, Kalaburagi	
Date of Activity : 28/11/2019	Time Slot : 3:00 PM to 4:30 PM
Activity Name :- "Web Designing Tools"	
Organizing Committee : Training & Placement Cell	Guest / Resource Person : Dr. Karunkar
Total Number of Students Attended : 35	Report Generated by : Training and Placement Cell

### OBJECTIVES:-

1. Ease of Use: Ensure intuitive interfaces to simplify web design tasks.
2. Efficiency: Increase productivity with features like drag-and-drop functionality and templates.
3. Customization: Allow for personalized designs with customizable layouts, fonts, and colors.
4. Responsive Design: Support the creation of websites that function well on various devices.

### PROGRAM DETAILS:-

On November 28, 2019, the Placement Cell at Shetty Institute of Technology organized a session titled "Web Designing Tools." The session, led by Dr. Karunkar, aimed to familiarize 35 students with the latest web designing tools and their applications in creating efficient and user-friendly websites. Mr. Guruprasad discussed the importance of ease of use, customization, and responsiveness in web design, highlighting tools that streamline development processes and enhance productivity. The session concluded with an interactive Q&A, where students actively engaged in discussions about the practical aspects and career opportunities in web design. Overall, the session was informative and well-received, providing valuable insights into modern web design practices.

PRINCIPAL  
Shetty Institute of Technology  
KALABURAGI

## **OUTCOMES: -**

1. Enhanced Design Quality: Websites created with web designing tools often feature improved aesthetics and functionality.
2. Increased Productivity: Designers can work more efficiently, utilizing templates and automation features.
3. Improved User Experience: Websites are likely to offer better navigation and usability due to responsive design and accessibility features.

## SHETTY INSTITUTE OF TECHNOLOGY, KALABURAGI

Shetty Institute of Technology, Kalaburagi	
Date of Activity : 30/11/2019	Time Slot : 3:00 PM to 4:30 PM
Activity Name :- "Real world applications of virtual and augmented reality"	
Organizing Committee : Training & Placement Cell	Guest / Resource Person : Mr. Rahul
Total Number of Students Attended : 36	Report Generated by : Training and Placement Cell

### OBJECTIVES:-

1. Introduce participants to the concepts of virtual reality (VR) and augmented reality (AR).
2. Explore practical applications of VR and AR in various industries such as education, healthcare, and entertainment.
3. Highlight how VR and AR enhance training programs and simulations for complex tasks.
4. Discuss the role of VR and AR in improving user experience and engagement in interactive environments.

### PROGRAM DEALS:-

On November 30, 2019, Shetty Institute of Technology organized a session titled "Real World Applications of Virtual and Augmented Reality." The seminar, led by Mr. Rahul, aimed to educate students about practical uses of VR and AR in various industries. Mr. Rahul discussed how VR and AR technologies enhance training, education, healthcare, and entertainment sectors, showcasing innovative applications and future potentials. The session concluded with a Q&A session, where students engaged in discussions about the challenges and advancements in VR and AR technologies. The Program was well-received, with positive feedback highlighting increased

## SHETTY INSTITUTE OF TECHNOLOGY, KALABURAGI

Shetty Institute of Technology, Kalaburagi	
<b>Date of Activity</b> : 21/05/2019	<b>Time Slot</b> : 11:00 AM to 1:00 PM
<b>Activity Name</b> :- "5G Technology"	
<b>Organizing Committee</b> : Training and Placement cell	<b>Resource Person</b> : Dr S Arvind
<b>Total Number of Students Attended</b> : 35	<b>Report Generated by</b> : Training and Placement Cell

### OBJECTIVE:-

1. Enhance mobile broadband to provide significantly faster data speeds and more reliable connections.
2. Enable massive machine-type communications to support the Internet of Things (IoT) devices.
3. Support ultra-reliable low-latency communications for critical applications like autonomous vehicles and remote surgery.

### DESCRIPTION OF THE ACTIVITY:-

On May 21, 2019, the Training and Placement Cell at Shetty Institute of Technology, Kalaburagi, organized a session titled "5G Technology" from 11:00 AM to 1:00 PM. Dr. S Arvind, serving as the resource person, delivered an informative presentation to 35 students. The session focused on introducing the transformative capabilities of 5G technology, highlighting its potential to enhance mobile broadband speeds, support massive IoT deployments, and enable ultra-reliable low-latency communications. Students actively engaged in discussions about the implications and future opportunities in the telecommunications industry. The program concluded with a Q&A session, enriching participants' understanding of 5G technology's impact on modern communications and its relevance to future career prospects.

  
PRINCIPAL  
Shetty Institute of Technology

<b>Organizing Committee</b> : Training and Placement Cell	<b>Resource Person</b> : Miss. Neha. Nandargi
<b>Total Number of Students Attended</b> : 34	<b>Report Generated by</b> : Training and Placement Cell

### OBJECTIVES: -

1. Understand what electric vehicles are and their benefits.
2. Learn the basics of designing electric vehicles.
3. Develop skills needed to create and build EV components.
4. Promote environmentally friendly transportation solutions.

### PROGRAM REPORT:-

On May 13, 2019, Shetty Institute of Technology, Kalaburagi, hosted a workshop titled "Design and Development of E-Mobility Vehicle," organized by the Training and Placement Cell. Conducted by Ms. Neha, the session ran from 11:00 AM to 1:00 PM and was attended by 34 students. The seminar aimed to introduce the basics of electric vehicle (EV) design, including understanding EV benefits, learning design principles, and developing key components like motors and batteries. It emphasized sustainability, technological innovation, and market readiness, providing hands-on experience through interactive activities and discussions. Students appreciated the informative and practical approach, and the session successfully equipped them with essential knowledge and skills in e-mobility. The Training and Placement Cell plans to organize similar workshops in the future to promote innovation and sustainability in transportation.

## SHETTY INSTITUTE OF TECHNOLOGY, KALABURAGI

Shetty Institute of Technology, Kalaburagi	
<b>Date of Activity</b> : : 05/11/2018	<b>Time Slot</b> : 11:00 AM to 1:00 PM
<b>Activity Name</b> :- Artificial Intelligence	
<b>Organizing Committee</b> : Training & Placement Cell	<b>Guest / Resource Person</b> : Prof. Jyoti. Patil
<b>Total Number of Students Attended</b> : 35	<b>Report Generated by</b> : Training & Placement Cell

### OBJECTIVES: -

1. Understand fundamental principles of AI, including machine learning and neural networks.
2. Explore applications of AI in diverse fields such as healthcare, finance, and autonomous systems.
3. Develop AI solutions to enhance efficiency, decision-making, and user experience.
4. Address ethical and societal implications of AI technologies.

### DESCRIPTION OF THE PROGRAM: -

Shetty Institute of Technology, Kalaburagi, organized an “**Artificial Intelligence**” seminar on November 5, 2018, from 11:00 AM to 1:00 PM, under the coordination of the Training & Placement Cell. Professor Jyoti. Patil served as the guest resource person for the session, which was attended by 35 students. The program aimed to introduce students to the fundamental concepts and practical applications of Artificial Intelligence (AI) across various industries. Professor Patil delivered an insightful presentation covering topics such as machine learning algorithms, AI in healthcare, finance, and autonomous systems. The session concluded with an interactive Q&A session where students actively engaged, discussing the implications and future opportunities in AI technologies. The Placement Cell generated this report to document the successful organization of the program and its positive impact on enhancing student knowledge and awareness in emerging technologies.
