

Project - ELDERLY CARE PRODUCT

INEX INDIA INNOVATION AND INVENTION EXPO 2024 13-15 Nov 2024

We are excited to announce that our team has secured the first prize gold medal at the prestigious INEX (Innovation and Excellence) Competition held in Goa, where we presented our project: "Innovative Elderly Care Solution." Our project is an innovative solution aimed at enhancing the well-being of the elderly through advanced technology. This breakthrough addresses key challenges in elderly care, such as real-time monitoring, secure communication, and ease of use, ensuring that the elderly can live safely and comfortably.
